

Attention Massage, O.T., P.T. Therapist and Energy Healers

Break the cycle of pain thru postural correction

Come experience a modality that will literally *change* your life and your business!!

Formerly a modality offered strictly to chiropractors is now available as Bio-Mechanics, Spinal Touch that is 80 years ahead of its time.

What is Spinal Touch? - Experience the *lightest* soft tissue, *non-invasive* system of Bio-mechanic therapy. It is used as an assessment tool for the correction of the postural distortion and visceral positioning that might be including the disease process and disorder function of the body. Many professionals like chiropractors, massage therapist, energy healers, and ordinary lay persons use this technique. It's *easy* to learn, *safe* in the application for use with patients, clients and loved ones of all ages. This revolutionary treatment is the most thorough light touch system that *relieves* pain while correcting postural distortion.

Register now for the upcoming certification course at the Seacoast Career School on 1 Eagle Drive in Sanford, Maine. Small classes with hands on practice.

Friday, April 30th 6 to 9 pm
